

BARBECUE BEEF DINNER AND AUCTION AT SPRINGVILLE, SUNDAY

A MAGNIFICENT ANIMAL AVAILABLE

A PUBLIC spirited citizen, who demands to remain anonymous, has donated the magnificent, blooded animal at left to the Springville chamber of commerce for sale at Sunday's auction. It is expected that highly spirited bidding will be in order, and who knows what unbelievable amount this intelligent, affectionate, and house-broke quadruped may bring.

SPRINGVILLE - A White Elephant auction and a barbecue beef dinner are set for the Springville Community park, next to Gifford's market, Sunday, with serving to start at 12 noon and with the auction to get underway at 1 p.m. The public is invited to attend.

Beef, beans, cole slaw, rolls, coffee, and cold drinks will be on the menu; prices are \$2.50 for an adult plate, \$1.75 for a child's plate.

Funds raised by the dinner and auction will go toward the

Springville chamber of commerce curb and gutter fund, with \$10,000 necessary to take care of local expenses in the Springville business district when state highway 190 is improved.

Sid Boswell, chairman of the Sunday event, says that fund money has been pledged by business men in the community and a series of western dances has raised additional money toward the necessary \$10,000. The County of Tulare will pick up another \$5,000 for work

along county property at the Springville hospital.

The barbecue and auction will be the last curb and gutter benefit event, since deadline for raising the money is July 1.

A wide variety of items have been donated for the auction - and persons who have any "white elephants" kicking around the premise that they would like to get rid of should get in touch with Boswell, phone 539-2863, or leave the items at the park.

CATTLE DRIVE IN THE SIERRA - JUST LIKE THE OLD DAYS, ALMOST

Shannon Herd On The Trail For Five Days

DEER CREEK - Some 370 head of cattle - cows, calves and bulls - were moved last week from the Shannon ranch on Deer Creek to their summer range in the Gray meadow country in what is certainly the longest cattle drive in the San Joaquin valley and possibly the longest in the state.

The cattle were on the trail for five days, with three generations of the Shannon family riding herd - Jack, present operator of the Shannon ranch; his father Reuben, now 82 years of age; and Jack's son, John, age seven years.

Dropping in and out of the drive to bring supplies and lend a hand if needed were Jack's wife, Sandra, and a second son, Bill, six years old. Riding with the Shannons were Tommy Freeman and Gary Santos.

Route from the Deer Creek ranch was essentially the same as followed by Reuben on his first drive into Gray meadow back in 1918, however, some things have changed.

For instance, where trails used to run through brush and forest, now much of the drive is on roads; where Reuben loaded supplies on pack horses 50 years ago, the "pack horses" are now under the hood of a Chevy pickup; where rocks and logs were the best seats in a trail camp, folding chairs are now in evidence; "cooking fire" is now a Coleman stove and even the traditional pot of coffee is of the

SHANNON CATTLE, moving in a five-day drive that took the herd from the Shannon ranch on

Deer Creek to summer range in the Gray Meadow country. The picture was taken as the herd

moved out of Horse canyon and up toward Dome rock.

THEY'RE PLANNING "Y" CAMPS

FORMER PORTERVILLE people are playing prominent roles in the YMCA Camp Tulequoia summer program, the first session of which opens July 7. In photo, from left: Carol Sickels, a graduate student at Fresno State college who is associate program director for girls; Bill Sickels, athletic director at Tulare Western High school, camp program director; and Sherry Evans, Y cabin leader. Other camp sessions will begin July 14, 21, and 28, August 28 and September 2. La Sierra Creative Arts camp sessions are planned for the month of August. Full information on camp dates, costs and program can be obtained at the YMCA office in Porterville at 747 No. Sunnyside Ave.

New Headquarters Building

MOVING INTO a new Springville Ranger Station this week was the staff of the Springville district of the Sequoia National Forest, Located at 32588 Highway 190,

opposite the east end of the River Island golf course. The building is owned and was constructed by Keskishian and Lavee Associates, of Los Angeles, and is leased by the

Forest service on a year-to-year basis with a five-year option to renew. Included in the 2,595 square feet of building floor space are 10 rooms, plus a

POLITICAL PARADE

By CLEM WHITAKER, JR.

"A Lockheed bankruptcy would most certainly be a disaster for both Lockheed employees and for those subcontractors that rely on Lockheed for work." That's the opinion of James L. Quillin, president of the International Association of Machinists & Aerospace Workers, whose union claims representation of 85 percent of Lockheed's employees.

The Nixon Administration is asking Congress to guarantee a \$250 million loan to bail out Lockheed—the fear obviously being the widespread economic repercussions of a Lockheed bankruptcy plus a concern that Lockheed's defense capability not be lost.

The rationale put forth for bailing out Lockheed has the added flip that such action is not new. The government guarantees veterans' home loans. It guarantees college loans. The old Reconstruction Finance Corporation aided hundreds of 1930 depression-hit firms. And so on.

The whole bit isn't peaches and cream, however. If Lockheed is in the mess which it admits it is somebody has goofed incredibly. If John Smith gums up his shoe business and the local banker or some friend won't come to the rescue he goes under. Is his plight and that of his employees and the families involved any less worthy of support than Lockheed?

The pitch about saving Lockheed's L-1011 airbus program has a few sour notes, too. If the L-1011 can't go without the government stepping in, so what? There are other airplanes. McDonnell-

Douglas' DC-10 is direct competition to Lockheed's Tri-Star.

Looking at the national defense arguments in favor of saving Lockheed by government intervention suggests that the government over a long period of time, probably going back to World War II or thereabouts, put too many eggs in one defense basket. And that has a hollow ring. This country has a myriad of competent defense contractors and they undoubtedly would be happy to pick up the load if Lockheed faltered.

As the man said, a Lockheed bankruptcy would be a disaster for a lot of good people. And it might do injury to some of the nation's defense programs. It sure as heck would have a depressing effect on business and employment generally for the natural reaction to large scale business failure is to batten down the hatches for the next blow. Probably the stock market would take a bit of a beating, too.

Yet all of this seems to beg a point. If we are going to guarantee every business from failure as national policy; if we are going to guarantee every family the standard of living it has become accustomed to as a matter of national policy; then Lockheed or Penn Central or anyone else can step up to Uncle Sam's window and say "look, old chap, I blew it. Please give me the scratch to do it again."

Maybe that's the way it ought to be. But Joe Shmoe, the average bloke who coughs up the tax money to make anything possible, ought to be cut in on something better than a \$20,000 mortgage that gets him nowhere but broke and without a house if he doesn't keep up with the payments.

The moral probably is that the trouble with small time operators is that they can't afford to go broke in style.

The Old Timer

"Today it costs as much to amuse a child as it did to educate his father."

CENTENNIAL, Plus 10

THE FARM TRIBUNE
June 22, 1961

We Only Heard - THEM AS who said the Porterville Centennial celebration couldn't hold up for an entire year might be changing their minds, what with the community still jumping with Centennial joy.

LAST NIGHT it was the Centennial group in the Visalia ballpark; last Saturday the Centennial citizens appeared officially at the Tule River Indian Reservation's San Juan day; Saturday evening there was great commotion on Main street as Bushfaces dunked their former brothers who had shaved off their beards - and got dunked themselves before it was all over. And what a fine job the Divine Order of Lovely Ladies did for this event, rolling the dunked boys on a barrel to revive them after they were pulled from Zoe Claubes' horse trough, then presenting them with a small bottle of straight medicine, purely for health's sake.

EVEN THE Calaveras county frog is back in the act, appearing this week for a second time on top of United Savings' time and temperature sign. . . That sign is pretty high, and that frog weighs 100 pounds - but those Calaveras frogs are real jumpers.

NEW BUILDING

(Continued From Page 1)

reception area, rest rooms and janitorial supplies storage space. The building is air conditioned. Located on a lot of approximately one acre, there is 18,000 square feet of parking area, and provision was made for widening of highway 190, expected next year. District Ranger Bob Werner says that the Forest Service site in Springville will be maintained as headquarters for fire and maintenance operations, and that the former headquarters building there will probably be disposed of; other buildings are expected to be retained and used. Ground was broken for the new building on April 20; the basic building was accepted by the Forest Service June 16.

(Farm Tribune photo)

SENATOR HOWARD WAY (R., 15th District) was honored for his outstanding service in the field of air conservation and community health during the past session of the state legislature by the Tuberculosis and Respiratory Disease Association of California at special ceremonies recently held in the Hotel Senator in Sacramento. Roscoe B. Bigler, M.D., of Los Angeles, president of the statewide Christmas Seal organization cited Senator Way for his "untiring efforts on behalf of the respiratory good health of the citizens of California."

CALIFORNIA SPEAKS

DR. WILLIAM F. FRY, Jr., Stanford psychiatrist — "Humor and the ability to laugh is definitely the mark of a being of a high order (and) so far it has been identified only in chimpanzees, gorillas, and man."

JOHN BRYSON, Malibu — "There is abroad in the country a smoggy cynicism . . . that the system no longer works (that) our Republic is no better than the rest of the countries."

DR. ROBERTA SALPER, Calif. State College, San Diego — "The large majority of women in the country do not support the Equal Rights Amendment precisely because we believe it is anti-working class and we want to unite forces with women in labor, not divide them."

JOYCE M. NEWHALL, San Mateo — "Regardless of our views of the Vietnam war, flying the Communist flag is tantamount to treason. I wonder how long it would have taken the lynch mobs to form if a swastika had been flown during World War II."

tamount to treason. I wonder how long it would have taken the lynch mobs to form if a swastika had been flown during World War II."

ICHIRO HAYAKAWA, visiting son Dr. S. I. Hayakawa, pres. of S.F. State — "I'm retired, doing nothing (and) it takes a lot of effort and time doing nothing."

LILLIAN HELLMAN, noted playwright during U.C. Berkeley visit — "Women's Lib is predicated on man's betrayal of women. I've never been betrayed by a man."

By John

On summer evenings it's usual for several teenagers to be parked along North Main watching the cars go by. Now we see a new trend with an equal number of teenagers parked in the same spots except now on bicycles. This is probably one of the greatest trends of recent years because it saves the overwhelming burden of operating a car plus allowing them to discover their environment.

You may also wish to rediscover that the outdoors is a pretty nice place to be. Air conditioning and all that not withstanding you will end up being a part of the furniture if you don't remain a part of this world. We would hope that you try a breath of fresh early morning air or maybe a bit of Porterville after dark and see if it doesn't rejuvenate your spirit.

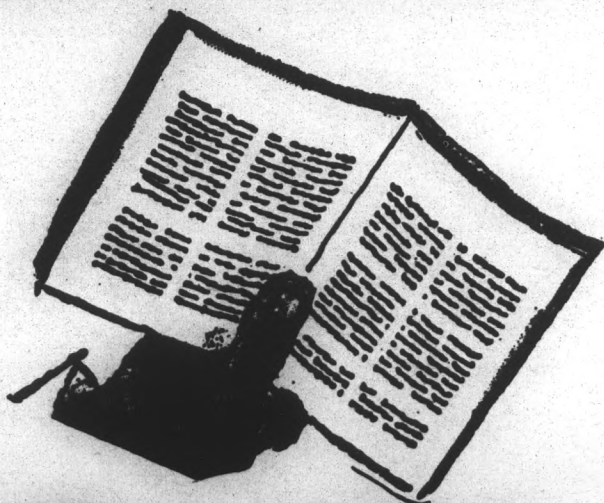

All of this leads up to a bit of gardening and we hope you'll try that too. Just watering or washing down the bushes can be rewarding along with getting the knots out of your brain. At the same time you may wash a few insects off plus removing the dust from the plants' nostrils. For other gardening suggestions we recommend you drop by on "E" Street north of Olive for a few words of garden wisdom - Open Sundays too.

ACTIVE SUMMER PLANNED FOR BARN THEATER

PORTERVILLE - "Spoon River; A Dramatic Reading," will be presented at the Porterville Barn theater during July as part of an active summer program.

Spoon River is based on

Edgar Lee Master's "Spoon River Anthology" that captures the tenor of small-town life through voices speaking from the grave. In August, the full-scale production, "The Little Hut," will be presented.

Nearly 173,500,000 copies of the Scriptures were distributed worldwide in 1970 by the United Bible societies.

PORTERVILLE, TERRA BELLA POSTS INSTALL DURING JOINT CEREMONY

PORTERVILLE - Hughe C. Williams was installed as commander of the Porterville Post of The American Legion, and Lester Doyel was installed as commander of the Terra Bella Post at a joint, potluck dinner meeting held the evening of June 16 at the Legion hall in Porterville.

Other officers seated for Porterville were: Brian M. Ratigan, 1st vice commander; Thaniel Cantrell, 2nd vice commander; Edward S. Flory, adjutant; the Rev. Ragnar Kjeldahl, chaplain; Sam L. Creeks, finance officer; Frank H. Pratt, historian; and Robert L. McElreath, sergeant-at-arms.

Other Terra Bella post officers are: Jack Ervin, 1st vice commander; Verlin Gibson, 2nd vice commander; Julius Teder, adjutant; William Barber, service officer; William Cortez, sergeant-at-arms; Aubrey Galbraith, historian; Tom Tabila, chaplain; and Charles Elms, past commander.

Installed also was Miriam Poundstone, with her corps of officers, as president of Porterville Post 20, The American Legion Auxiliary.

Handling installation ceremonies were officers of the 15th district Legion and Auxiliary.

CONDOR STAMP IS ISSUED

WASHINGTON D.C. - California Condor Stamp has been issued by the U.S. Post service, showing the bird the now borders on extinction in flight. Also underway is state-wide Condor protection drive with the theme, "Let Them Live - Let Them Alone."

72 Young People Have Summer Jobs At State Hospital

PORTERVILLE - A total of 72 young people have found summer jobs at Porterville State hospital.

According to Gene Fenning, training officer in charge of the youth summer program, the total includes 35 Neighborhood Youth corps youths, 20 Youth Summer aides, 10 Teaching assistants, and seven YMCA Summer Career tryout students.

The Porterville branch of the Human Resources and Development Agency screened and referred applicants for NYC and Youth Summer aide positions.

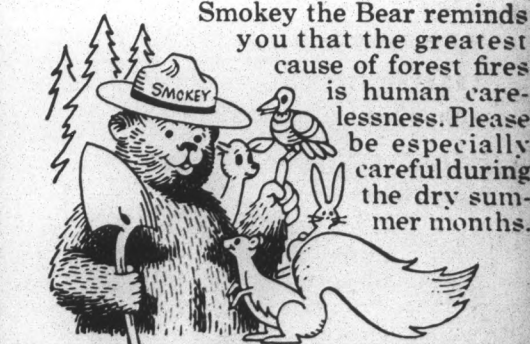

More than 40 percent of California's land is forested.

THE PHONE BOOTH

Whatever you're shopping for, the first place to start is the Yellow Pages of your Porterville phone book. You'll quickly find the most convenient store in your area selling the item you're looking for. You'll also find out which stores in Porterville are authorized dealers for certain brands, which accept credit cards and what their business hours are. Calling the dealers to ask for specific information is often the next step, but sometimes you'll find out everything you want to know just by reading the Yellow Pages.

Even if you don't like to write letters, you can still keep up with friends and family—by telephone. And it's not that expensive either, especially if you take advantage of the low evening and weekend rates for long distance calls. And of course it's always cheaper to make a station call instead of a person call. Just check the front pages of your phone book to find the calling hours that are easiest on your pocketbook.

Smokey the Bear reminds you that the greatest cause of forest fires is human carelessness. Please be especially careful during the dry summer months.

SHANNON HERD ON THE TRAIL

(Continued From Page 1)

instant variety.

But the bawling of cattle, the whistle and shouts of cowboys, the barking of dogs is still the same - and the evening campfire still glows as trail riders warm their hind-sides and pass stories back and forth - stores that lose nothing in the telling.

The cattle drive started at daylight from the Shannon ranch, moved up Deer Creek into the Hot Springs country, with first night stop on Tyler creek. Second night was at Eagle Hotel, "just a spot on the side of the mountain," says Jack, "where there used to be a large pine tree that had several Eagle nests in it."

Third night stop was at Long Meadow, where the John Guthrie summer cow camp is located and where the U.S. Forest service is re-developing a public camp site.

For the fourth night it was The Ponderosa, after a drive up the Great Western Divide highway and a noon rest stop in the Dome Rock area. Final day's drive was on through Quaking Aspen, and out the summit logging road to Fish Creek ridge where the cattle were dropped off to make their own way into the Gray Meadow country.

Headquarters for the Shannon summer operation is at Gray meadow where at least one man is kept most of the time with the primary job of putting out salt and keeping the herd scattered over the summer range that extends 12 miles north to Rifle creek, and south and east through the Flat Iron, Lloyd

meadow, Trout meadow, and Angora mountain.

The number of cattle that can be run on this summer range is determined by the U.S. Forest service, since the range is in the Sequoia National forest. An animal unit fee is charged by the Forest Service.

As for the economics of the cattle drive and the summer operation, Jack says, "It is barely profitable," but adds, "Calves will put on a couple of hundred pounds during the summer; cows will come out in good shape; there is far less worry with mountain cattle about such things as pink eye, flies, foxtails and ear ticks; riding herd on the mountain range - with some trout fishing thrown in - is an excellent way for the family to spend the summer; and, of course, the whole deal has a lot of tradition back of it."

The herd will stay on summer range until mid-September, when cattle will be gathered and brought out of the mountains and back to the Deer Creek ranch, reversing the route of last week's drive.

USE CHARGE BEING MADE FOR CAMP

With improvements completed in the Coffee Camp recreation area, the U.S. Forest service is now requiring a \$1.00 fee, or a Golden Eagle Passport for use of the campground and picnic areas. Money raised by the charge goes into a fund used for purchasing recreation land throughout the United States.

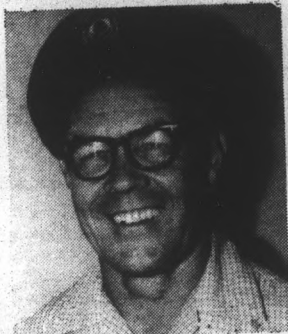

Cap'n Jack Says:

"Hot weather getting you down? How about a nice cruise around Success Lake or maybe up on the delta, stopping once in awhile to pull in a string of catfish, bass or crappie? For Glastron, Thunderbird, Delta or even an Octapoon, see us. Mercury motors, too."

We Only Heard

BY BILL RODGERS

TO: The Dirty Old Man
Re: Your communication of the 11th inst., published in last week's Farm Tribune, in which you called to my attention Dr. W.C. Waterhorny's Original Medicine Show, said to be playing the Encore Theater in San Francisco, and in which you branded Dr. Waterhorny as a fake, bamboozler, hoodwinker, rogue and rascal, then demanded

that I, as agent for the illustrious Doc Small's Medicine Show, see that the knavery being perpetrated on the good people of San Francisco and on the image of honest and legitimate medicine shows, such as that of Doc Small, be eliminated.

DEAR SIR: Please be informed that you were wrong about Dr. Waterhorny's Original Medicine Show. After seeing his performance, complete with mirth, music and minstrelry, I can assure you that the Dr. is not a fake, bamboozler, hoodwinker, rogue and rascal, for to associate him with such is to bring multitudinous discredit to fakers, bamboozlers, hoodwinkers, rogues and rascals. Dr. Waterhorny has a long trail to travel before he rises into

such elite company... So does his cast of non-performers. His dancers should take lessons from cornfield scarecrows; his singers have voices like bluejays robbing a magpie nest; his writers failed to show up for work; and the "mirth" mentioned in his advertising failed to make a stage appearance... Regarding your suggestion that I take steps to eliminate Dr. Waterhorny as a competitor to Doc Small on the Medicine Show circuit, I can say without fear of contradiction that no action is necessary. Dr. Waterhorny is doing an extraordinary job of eliminating himself himself.

YOURS TRULY: W.R. Rodgers, Agent for Doc. Small's Medicine Show.

RAISIN ADVISORY BOARD MEMBERS APPOINTED TO TWO YEAR TERMS

SACRAMENTO — State Director of Agriculture Jerry W. Fielder has announced the appointment of members and alternate members to the California Raisin Advisory board for a two-year term beginning June 1.

The appointments were made from nominations received at meetings held in each of the seven raisin-producing districts, and from nominations made by independent and cooperative raisin processors.

California Raisin Advisory board assists the director of agriculture in the administration of an international program of advertising and sales promotion for California raisins. A comprehensive program of research is also carried on.

Producer members appointed to the board are Robert H. Mortimer, Madera; Herbert Kezirian, Jake L. Minasian, Dick Markarian, and Dick Chooljian, Fresno; Albert H. Arnst, Selma; and Thomas A. Jadwin, Reedley.

Their alternates are Leo Hagopian, William Wagenleitner, Leo Weber, and Elmer Geringer, all of Fresno; Zaven Chooljian, Sanger; Donald B. Packer, Selma; and Pete J. Penner, Reedley.

Processor members are Charles J. Enoch, Del Rey; Charles B. Bonner, Fresno; Nerces Azadian, Del Rey; Raymond L. Engell, Berkeley; Ernest Bedrosian, Fowler; Jack Heinrich, Fresno; and Allen F. Mather, Kingsburg.

Their alternates are D.R. Hoak, Selma; Bruce B. Higon, Selma; Carl Chooljian, Del Rey; Edward H. Peloian, Dinuba; Leo

Chooljian, Sanger; Haig A. Sahatdjian, Madera; and Howard R. Staples, Kingsburg.

All members appointed also served during the preceding term, except for Mortimer, Azadian, and Bedrosian.

Play It Safe If You Drive On July 4 Weekend

PORTERVILLE — Half the fatal accidents on California's highways on last July 4 weekend involved either drunk driving or excessive speed, or both.

Lt. E.J. Heringer of the California Highway Patrol urges drinkers to stay out of the driver's seat over this holiday weekend.

Heringer said that last year most July 4 weekend accidents occurred in daylight, most drivers were in the 16 to 29 age group, and all but one of the drivers in fatal crashes were males.

"These accidents didn't happen only to families taking long weekend trips, either," he added. "In fact, most of them occurred fairly close to the drivers' homes, and involved people who were engaged in normal weekend activities."

When completed in 1974, Sears Tower in Chicago will stand 1,450 feet and will be the tallest building in the world.

Milo planting is following completion of wheat and barley harvest in many central valley areas.

Medicare Insurance Rate Raises July 1

PORTERVILLE - The basic monthly premium for medical insurance under Medicare will increase from \$5.30 to \$5.60 beginning July 1, according to Lois Boone, social security manager in Porterville.

The 30-cent increase, payable by people 65 years of age and over who have the medical insurance part of Medicare, will cover increasing medical costs and greater use of medical services, Mrs. Boone said.

Medical insurance helps pay doctor bills for about 95 percent of the people 65 or over in the Nation, according to Mrs. Boone. The program is financed by monthly premiums that are matched by the Federal government.

Most people 65 and over also have Medicare hospital insurance, which is financed by payroll contributions of workers and employers. Medicare is administered by the Social Security administration; the Porterville office is at 262 N. Second street.

Drama Department Has Summer Plays In Rehearsal Now

PORTERVILLE - Two plays are in rehearsal for the Summer repertory season of the Porterville College Drama department - "USA" and "A Gap In Generation."

"USA" is a dramatic revue, with music, that delves into America's recent past. It will open, under direction of John Holden, to coincide with the Fourth of July weekend.

"A Gap In Generations," under direction of Phil Simons, will open July 16. During the week of July 19, both plays will run alternately, in repertory.

Information on cast and stage crew openings can be obtained at telephone 781-3131.

David Kreitser President Of Ministerial Assn.

PORTERVILLE - Newly-elected president of the Porterville Ministerial association is the Rev. David Kreitser, pastor of the First Lutheran church. He will serve for the 1971-72 year.

Other association officers are: The Rev. William Harrison, pastor of the First Baptist church, vice president; The Rev. Charles E. Davis, pastor of the Terra Bella Presbyterian church, treasurer; and the Rev. Robert A. Nelson, pastor of the Grace Baptist church, secretary.

Last meeting of the association was held at the Seventh Day Adventist church in the form of a family social gathering, hosted by the church board, with the meal prepared and served by the Rev. Aaron A. Wagner and family.

DEBBIE TODD, left, Ducor 4-H member, received an award at Ducor 4-H's June meeting for being this year's outstanding sewing member. The award, a \$5 gift certificate from Paul's Fine Fabrics, was presented by Mrs. Walter Owen, right. Debbie made a lined jumper, and a lined coat and dress ensemble. Runners-up were Margie Keen and Marcia Carlisle. Margie made a skirt, top, and pants set, a dress, and a skirt, Marcia made a skirt and two pantsuits. Margie and Marcia each received a decorated tape measure for their accomplishments.

U.S. NAVY OFFERS SPECIAL TRAINING IN NUCLEAR FIELD

PORTERVILLE - "Young men interested in their future should investigate the Navy's Nuclear Field program," states Engineman First Class Joe O'Donnell, Nuclear Field program recruiter for the Porterville area.

Benefits offered by the Navy for young men who enlist in this program include: Enlistment at advance pay grade, rapid promotion opportunities, extensive scientific and technical schooling, additional "submarine" pay if accepted to serve in submarines, and, if the man is willing to obligate himself for seven years service, he is currently eligible for an additional \$100 per month proficiency pay.

"Since men in this program will receive almost two years schooling they must agree to serve for six years," said O'Donnell. "But they still only enlist for four years - like everyone else. After enlisting, he will have to sign an agreement to extend his enlistment for two years, but if he should be dropped from the program then all or some portion of the two-year extension may be cancelled."

Since the Navy operates the world's largest nuclear-powered fleet, men in this program will be assured extensive training upon completion of their schooling.

Interested young men between 17 and 24 are invited to contact O'Donnell for further information on this program. He is located in Room 2, basement of Porterville Post Office building, and can be reached at 784-7735 during normal working hours Monday through Friday and Saturdays until noon, or at his home at 784-5520 after hours and on weekends.

COWBELLES FEED 1,000 AT FLY-IN

PORTERVILLE - Tulare County Cow Belles served barbecued beef and beans to 1,000 persons during the recent Porterville Area Pilot's association Moonlight Fly-In at the Porterville municipal airport.

RANKIN NAMED VICE PRINCIPAL

PORTERVILLE - John Rankin, Jr. has been named vice principal at Pioneer Junior High school. He will assume the position previously held by Don Erwin who has been named principal at Vandalia.

Have two doors kept you out of a Volkswagen?

Don't answer yet.

The car in the picture is a Volkswagen. And, as you can see, it has four doors. It's our new 411 4-Door sedan. Like most 4-door sedans, our 411 gives the people in the back almost as much room as the people in the front.

Unlike most 4-door sedans, though, there's also room for luggage in the front as well as in back.

Like most 4-door sedans, our 411 has an engine.

Unlike most 4-door sedans, our engine gets about twenty-two miles to a gallon of gasoline.

Like most 4-door sedans, our 411 offers a lot of options. Automatic transmission, radial tires, rear-window defogger, to name a few.

Unlike most 4-door sedans, those options are included in the price of the car.

Now you can answer if you like:
() Yes. () No.

JEFF TOWERS PRESIDENT OF SUCCESS 4-H

SUCCESS VALLEY - Success Valley 4-H held its annual Parents' dinner and installation at Murry Park, June 14.

Jo-Wayne Brown, Success Valley's 1970 all star, was the installing officer and charged the new officers individually with their various duties and responsibilities. Jeff Towers was installed as president; Rhett Mason, vice-president; Tonya Mason, secretary; Bobby Gill, treasurer; Kristin Bedford,

reporter, and Brett Mason, sergeant-at-arms.

Following installation, the new president held a short business meeting. Project reports from the Porterville Fair were given by the following members. Brett Mason, Tonya Mason, Brenda Garrison, sheep; Bobby Gill, Kristin Bedford, Jo-Wayne Brown, beef; Brenda Garrison, Robin Garrison, horse, and Carolyn Bunyard, cooking.

Leaders giving reports were Mrs. Pauline Mason, beef and horse; and Mrs. Donna Gill, local leader, on club insurance. Mrs. Gill also announced that Mrs. Laura Bedford will serve with

her as local leader during the coming year. An audit committee was appointed, comprised of Jo-Wayne Brown, Kay Gill and Rhett Mason.

Mrs. Herbert Brown, retiring local leader, was presented with a surprise gift consisting of a silver bracelet with a 4-H emblem and engraved charm. Mrs. Brown has been not only local leader the past two years, but has also served the club as sewing leader for 11 years.

A potluck dinner was enjoyed by both members and parents at the meetings end. A green and white theme was used by Chairman Leslie Crew, who was

LAW IS TOUGH ON ILLEGAL PHONE USE

PORTERVILLE - Pacific Telephone is stepping up its efforts to warn that it is unlawful to use unauthorized credit card or unauthorized telephone numbers to avoid charges, and calls to attention that "Anyone violating Section 502.7, California Penal Code, by attempting to avoid lawful charges for telephone service may be fined up to \$5000 and imprisoned up to five years."

assisted by Debbie Eaton, Garrett Florer and Carolyn Bunyard.

LINDSAY ASKS RETENTION OF JUSTICE COURT

LINDSAY - A strong plea for retention of the Lindsay Justice court was contained in a recent letter from the city of Lindsay to the county board of supervisors.

Lindsay City Manager Peter Byrne said in the letter, "Our court is a 'people's court' in a very real sense," and pointed out that the Lindsay court has operated successfully and economically.

VARIABLE ASSESSMENT RATIO PROPOSED FOR TAX ADJUSTMENT

SACRAMENTO - Support for a variable system of assessment ratios that, it is said, would lower homeowner taxes, and would fairly distribute proper responsibilities for public utilities, business interests, and homeowners, has been urged on the Governor and the Legislature by George R. Reilly of San Francisco, member of the Board of Equalization from the first district.

The ratios used for assessment purposes would be 35 percent for public utilities, Reilly said; the present rate of 25 per cent for all business interests, large or small; and 15 percent for homeowners living in single-dwelling homes, co-ops and condominiums.

The law now requires a 25 percent uniform assessment ratio for homeowners and commercial, while utilities, pegged this year at 29 percent, are gradually working down toward the 25 percent ratio called for by law.

REDUCTION OF WELFARE REPORTS IS ASKED IN DUFFY RESOLUTION

SACRAMENTO - Assemblyman Gordon W. Duffy (R-Hanford) has introduced a resolution aimed at reducing the number of reports which are required from county welfare departments by the State Department of Social Welfare and the U.S. Department of Health, Education, and Welfare (HEW).

Duffy noted that HEW

currently requires no less than 30 summary reports on a permanent basis, plus numerous temporary summary reports, additional special reports, and a significant number of case reports.

Also, the state requires reports from counties on caseload and caseload characteristics and other information which, together with the HEW requests, requires extensive amounts of personnel, time and resources on the local level.

The resolution requests the Director of the State Department of Social Welfare to review all reports being submitted by the counties and determine those of marginal value.

"Once these have been determined," Duffy said, "then I'd like to see the director and the HEW officials eliminate

VISALIA - County Clerk Jay C. Bayless has stated that all of the more than 23,000 current Tulare County Dog and Kennel licenses will expire on June 30, and that all dog and kennel owners are reminded that the licensing period for purchasing 1971-72 licenses will begin July 1.

Bayless said letters containing complete instructions for renewing licenses are being mailed to all owners of presently licensed dogs and to Kennel owners. Tulare county allows dog and kennel owners to purchase licenses between July 1 and September 1 without penalty, but does impose a delinquency penalty amounting to 100% of the basic license fee, as set forth in the Tulare County Ordinance code, on and after September 1, however, in the event an animal is found running at large during this period wearing no license tag, it is

those reports.

"My resolution asks them to confer with the California Welfare Directors association in making this determination, so that some of these reports can be eliminated, but not to the extent that essential program and fiscal information is eliminated."

Senior Citizens Can File Now For Tax Assistance

SACRAMENTO - Senator Howard Way has reminded senior citizens in the 15th Senatorial district that the filing period for senior citizens' property tax assistance is now open, and that claims must be filed no later than October 15.

To be eligible for senior citizens' property tax assistance, claimants must be over 65 years of age as of January 1, 1971; must own and occupy their own home; must have paid their property taxes on their home; and must have a total household income of less than \$3,350 per year.

Forms for filing a claim can be obtained at any office of the Franchise Tax board, or from Senator Way's district office at 235 East Maple street, Exeter. Information brochures are available in both English and Spanish.

California mountain ranges are reported in very good condition.

subject to being picked up by the county poundmaster.

Base licensing fees this year have not changed from last year and are as follows: For male and spayed female dogs - \$3.00; for unsplayed female dogs - \$6.00; for Kennel licenses - \$10.00. However, the penalty for non-compliance is more severe.

The Tulare County Ordinance code requires that an owner of a dog secure a license for his dog within 30 days after acquiring ownership; if a dog is less than four months of age when the owner acquires it, he must secure a license for the dog within 30 days after the dog becomes four months of age. The ordinance also requires any person who enters the county and dwells in the county for a period of 30 days or more, and who has brought a dog with him from outside the county, to secure a license for the dog within 30 days after arrival in

the county.

In order to obtain a dog license the owner must present a valid Rabies Vaccination certificate showing that his dog has been protected against rabies for the entire licensing period for which the license is being purchased. Dog licenses are not obtainable at Rabies Vaccination clinics but may be purchased in person or by mail from the Tulare County Clerk, Room 201, Court House, Visalia.

Rabies Vaccination certificates, obtained from veterinarians, contain an application and licensing section.

Bayless stressed that applications must be filled out completely and must contain the signature of the applicant.

The Tulare County Veterinary Medical association and the Tulare County Health department have established the following clinics and schedule for vaccination of dogs against rabies.

Dog Vaccination Clinic Schedule

Monday, July 12	Visalia - Recreation Park (along N. Jacob St.)	4:00 - 8:00 P.M.

COLLEGE DISTRICT TENTATIVE BUDGET AT \$11,073,608

BAKERSFIELD - Kern Community College District board of trustees has adopted a tentative budget of \$11,073,608, based on an

estimated 9,063 units of average daily attendance, for the 1971-71 school year.

In the proposed budget, \$9,913,808 was for operating

expenses, an increase of 5.65 percent over last year while \$1,159,800 was to meet the obligations of the Junior College Construction act. The total

budget will require an estimated tax rate of 66.55 cents, it was stated.

Porterville college is part of the Kern Community College district.

U.S. Census Bureau reported 19 million horses and 1 million tractors in use in 1930.

Cotton is generally making good growth in the San Joaquin valley.

**Electricity is vital to your way of life.
So is a healthy environment.
We're working to bring you both.**

Why Edison made six lakes.

To generate electricity, Edison has harnessed the spring thaws in a part of the High Sierra of Central California. Over the years it meant building 15 major dams and six lakes in an area now known as "Big Creek."

Today Big Creek is one of America's largest hydroelectric power developments. It provides low-cost electricity, flood control and water conservation.

It's also a vast recreation area open to the public.

Every year the man-made lakes attract boaters, water-skiers, fishermen, swimmers and even skin-divers. At Camp Edison-Shaver Lake, campgrounds with electric outlets offer campers many of the comforts of home.

To protect the natural resources

of the area, Edison launched an extensive conservation program. This includes scientific management of thousands of acres of timber on Edison-owned land.

Special protective measures are taken against damage by fire, insects and plant diseases. Selective cutting and thinning prevent some trees from becoming overgrown giants and others from being crushed and stunted. Trees for reforestation are raised at Edison's nursery where seedlings of native trees are under constant production. These practices provide an annual yield of healthy

timber; eliminate wasteful and indiscriminate cutting; help prevent soil erosion and protect the watershed.

Edison's forestry program has earned an award from the Western Pine Association designating the Company's timberlands as a Certified Western Pine Tree Farm.

In the years ahead, Edison will continue to control the flow of water in surrounding streams to help assure good trout fishing. We also plan, with the cooperation of the U.S. Forest Service, to add more hiking trails and improved roads, together with a boat-launching station, a visitor information center and hundreds of new overnight camps and day-use facilities.

Preserving the natural resources at Big Creek is one of the many ways we are working to protect the environment we share.

IT WAS cotton dress time at The Paul Bunyan, Thursday noon, as

Tulare County Cotton Wives Auxiliary presented a fashion show in the dining rooms as a Porterville Area Cotton Promotion program. Photos from left, top: Mrs. Don Falconer, commentator, and Mrs. Bob Fallert, program chairman, with Sandy Sturgeon, of Tulare, Tulare County's Alternate Maid of Cotton. Models included, center, from left: Mesdames Albert Quatacker, and Carl Conway, of Porterville; and Don Eisner, of Strathmore. Lower: Mrs. James Gilbert, of Tipton; Miss Karen Wilcox, of Strathmore; and Mesdames Kirby Wyllie, of Tulare, and Karen Vaughn, of Porterville. The show was also presented as a feature of the regular noon luncheon meeting of the Porterville Exchange club. (Farm Tribune photos)

Mathias Will Nominate Boys To Military Academies

WASHINGTON D.C. - Congressman Bob Mathias has announced the opening of competition for nominations to the U.S. Military academies for the classes entering in 1972. He urged "all interested young men from the 18th Congressional district to make their formal application to him by letter no later than August, 1971."

He said this year he will have an "opportunity to nominate boys to fill vacancies at West Point, Air Force, Navy, and the Merchant Marine Academies."

To be eligible for admission to one of the academies, a candidate must be a male citizen of the United States, unmarried, and at least 17 years of age but not more than 22 on July 1 of the year in which he enters.

Mathias noted that "scholarship, good health, leadership, and a desire for a military career are major factors in receiving a nomination and an appointment to one of the academies."

Full information on qualifications and procedures can be obtained from Mathias by writing to his office, 1024 Longworth House Office Building, Washington D.C. 20515.

UNEMPLOYMENT INSURANCE FOR FARM WORKERS

SACRAMENTO - Assemblyman Gordon Duffy (R-Hanford) has urged the Legislature to "get off the dime" and extend unemployment insurance benefits to farm workers.

Duffy, author of AB-2804, said, "I have been convinced for several years that unemployment insurance coverage for farm workers would be good for agriculture and good for the economy of rural California. When people are out of work, everybody loses."

Of course, it goes without saying that UI coverage will put the farm workers themselves one important step closer to receiving the same treatment as other types of workers under state law."

RALPH GOEKEN NAMED ACCOUNTING OFFICER

PORTERVILLE - Ralph W. Goeken, successor to recently retired Jim Clark, has been named accounting officer at Porterville State hospital. A native of Wynot, Nebraska, Goeken received his Baccalaureate degree in Accounting from the University of San Francisco. He has been in state service since 1961.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Tulare County Board of Supervisors on Tuesday, July 13, 1971, at 10:00 A.M., in the Chambers of the Board of Supervisors, Courthouse, Mineral King and Mooney Boulevard, Visalia, California.

The hearing will pertain to revocation of a portion of a Special Use Permit under ordinance No. 352 which designates said parcel of land as property to be used for cabaret purposes, located at the Southeast corner of Spring Street and River Drive in Springville, being a portion of the Southwest one-quarter of the Northeast one-quarter and of the Southeast one-quarter of the Northwest one-quarter of Section 2, Township 21 South, Range 29 East, M.D.B.&M.

All interested persons may appear and be heard at said time and place.
Dated June 15, 1971.

JAY C. BAYLESS, County Clerk and ex-officio clerk of the Board of Supervisors

SUNKIST STARTS NEW CHARTER SHIPPING DEAL

LONG BEACH - Sunkist Growers, Inc., has inaugurated a new Long Beach-Europe charter shipping arrangement with Salen Reefer Services of Stockholm, Sweden.

The first shipment of 160,000 cartons of sunkist oranges and lemons left Long Beach on June 3 aboard the mv AQUILON, due to arrive at Rotterdam on June 20, with stops to follow at leHavre, Hamburg, and Gdansk.

The arrangement between Sunkist, Salen and the Port of Long Beach replaces former rail shipments from Sunkist producing areas in California and Arizona to St. John, New Brunswick, Canada, where citrus was then transferred to Salen vessels for the final half of the journey to Europe.

Sunkist Export Sales Manager R.J. Mead said Sunkist annual volume moving to Europe from St. John amounted to about 1,200,000 cartons when the Salen-Sunkist charter service began there in 1963. Last year, the volume had reached 5,300,000 cartons, or about three-fourths of the yearly total exported to Europe.

Mead said the switch from St. John to Long Beach is "primarily economic."

Variety Of Crops Moving From The County

VISALIA - A wide variety of farm crops are moving from Tulare county, according to weekly report from the office of Elvin O. Mankins, county agricultural commissioner, including Valencia oranges, tomatoes, early peaches, plums, nectarines, squash and cucumbers.

Some wheat is being harvested, Mankins states, and

COURT APPEAL IS PENDING ON DRIVE-IN TAX

SACRAMENTO - Sales tax on food and beverages sold at drive-ins will continue to apply pending appeal of a Superior Court ruling that declared such tax unconstitutional.

Richard Nevins of Pasadena, chairman of the State Board of Equalization, in commenting on a ruling by Judge Steven S. Weisman, June 10, in favor of Henry's Drive-In, operators of drive-ins in several Los Angeles area communities, said that Henry's sued to have declared invalid the drive-in portion of Section 6359 of the Revenue and taxation code, and that the court indicated that subsection (c) of the code section was vague, discriminatory and not sufficiently precise as a classification and was therefore unconstitutional.

The affected section was enacted by the state Legislature in 1963, making all food bought at drive-ins subject to the five percent sales tax, regardless of where the purchaser intended to eat the food.

Nevins declared that the judge's ruling, if sustained by the higher courts, "would represent a serious setback in state revenue because the drive-in feature of the law brings in an estimated \$8 million to \$10 million annually to the state's general fund."

Nevins said that when the ruling is filed in Superior court, the board of equalization, through the state attorney general, will enter an appeal to the Appellate court.

U.S. crop exports to Mexico totalled \$139 million in 1970.

barley harvest is in full swing. Field corn and milo is now making a good growth, but is behind usual stand for this time of year. Grapes are growing well, and some thinning is underway.

Cotton is now starting to make a better growth, and thinning and weeding is continuing.

YOUR MONEY IS WHAT YOU MAKE IT.

Money is the most versatile and flexible tool you have. You can do almost anything with it; and very little without it. Your money is what you make it.

When you start making decisions about what you are going to do with the money you make, be sure you save some for yourself. It's the only way you'll come out ahead. When you start a savings account at Mineral King Savings, it makes more money for you. And, you don't have to work for it. It makes the highest rate of interest allowed by law.

Mineral King Savings has been making money for people for over 84 years...day in, day out; through thick and thin, through wars and peace, through depressions and booms; through bear and bull markets. It was a safe place to have your money long before each account was insured up to \$20,000 by a permanent agency of the U.S. Government. We are the second oldest Savings and Loan Association in the state.

Start a regular savings plan now at Mineral King Savings. It's profitable; it's safe; it's just about as dependable as you can get.

4 WAYS TO MAKE MONEY AT **MK** Savings
